1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

Increase the extent to which pupils with disabilities can participate in the curriculum

Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided

Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The school endeavours to identify and remove barriers to learning whenever possible;

The physical nature of the building aids accessibility – the design incorporates single lift, disabled toilet, and easy access fire doors; as well as specialist fire safety points. The school increases and promotes access for disabled pupils to the school curriculum by making appropriate adjustments as required, for example where classrooms are replicated on different levels classes are timetable on the ground floor to meet need. All staff are expected to differentiate work effectively to suit students with a wide range of different needs;

Teaching and learning is adapted to recognise different routes to achievement; Students with SEND are encouraged to access the wider curriculum of the school such as participation in enrichment clubs, leisure and cultural activities or school visits and adaptations are made to facilitate this as far as is possible; Equally, the school endeavours to ensure that written information is accessible to disabled students and their parents / carers. Examples include providing visual timetables for students who need them, producing copies on coloured paper or accessing extra size books for visually impaired students; Parents / carers are welcome to contact school via 'phone, email or letter to discuss any issues or concerns.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school’s complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
