

THE WENSLEYDALE SCHOOL
& SIXTH FORM
LEYBURN

Dear Parent/Carer

Last week I launched this year's Work Experience programme with the Year 10 students. The presentation explained the administration process of Work Experience, together with hints and tips on how to find a placement successfully. Again this year, we are using Unifrog to manage this whole process. Unifrog is a careers programme that we have used successfully in school for over 7 years to support our students in their careers programme and it allows us to manage Work Experience completely online.

I have attached a PowerPoint presentation for parents and carers to provide you with information on the process and how to support your child through work experience.

Students will be on work experience from Monday 7th July to Friday 11th July.

If you have any questions please do not hesitate to contact me on christopher.ellis@wensleydaleschool.net.

Thanks,

Mr C Ellis

HEADTEACHER Mrs Julia Polley
